About Techno India Group

Techno India Group (TIG), one of the largest knowledge management organisations in Eastern India, was established in 1985 providing education from PG to Ph.D through its various Schools, Engineering colleges & University.

Techno India Group Public School (TIGPS) Falakata

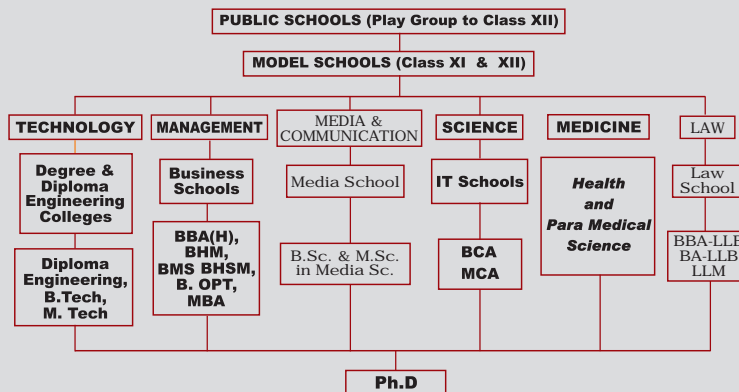

Techno India Group Public School, Falakata in conformity with TIG's mission strives at the total development of students with special emphasis on intellectual and moral growth. It has successfully ignited young minds to the learning process. Our efforts are directed towards shaping the future of the education in a manner that makes the school education productive, joyous & enriching. TIGPS Falakata will be affiliated to CBSE and it is a co-educational School. This school is situated at Joychandpur, Bhutnirghat in Falakata. The school has started functioning from April 2014.

Key Features of TIGPS Falakata

- Well planned eco friendly campus.
- CBSE Curriculum supplemented with creative inquiry based learning methodology.
- Ideal teacher-student ratio.
- Participation - Learning by doing for a child to learn through hands on experience.
- Run on systems and documentation.
- Highly qualified faculty members undergo periodic training programs by established experts to make teaching methods more meaningful.
- Monthly Parent-Teacher interaction to discuss academic and related issues.
- Students are graded based on skills through ongoing assessments.
- Day Boarding and Hostel Facility Class I onwards
